Frequently Asked Questions

Are your instructors qualified?

Our teachers have received their music education from prestigious institutions such as Berklee College of Music, Musicians Institute, Emory University, Atlanta Institute of Music, and more. All of our instructors have teaching experience, and most importantly they have a passion for teaching. Being a musician doesn't automatically make you a teacher - that's why we search for those who are best qualified for mentoring our music students! Most importantly, our instructors strive to relate their teaching to each individual student's learning style. In addition to their teaching credentials, our teachers have warm personalities, are extremely friendly, and strive to get to know each student and their parent on a personal level. We search high and low for the BEST teachers, so you don't have to!

What do you learn in your music lessons?

We teach all the fundamentals necessary to achieve a solid musical foundation. That includes music notation, technique, theory, ear training, improvisation, and more. Music lessons are taught in an innovative way to keep students learning and growing. We teach our students their favorite music, and use various types of media to spark creativity and keep lessons interesting.

Do you offer recitals?

Yes! In May and December. Many of our students choose to perform in our biannual recitals. These recitals are FREE and unlike many schools in Atlanta we do not charge recital participation or admission fees.

Musical Ladder System®

We are the only music school in Atlanta that give our students the opportunity to earn special color wristband bracelets (kids and teens love them!), trophies, AND certificates for passing musical tests. When our students have a test coming up, they practice more, their parents are proud, their teachers are proud, and everybody wins. You can only get the Musical Ladder here.
